DESCRIPTORS Doctoral Degrees; *Educational Opportunities;

*Graduate Study; *Higher Education; *Masters Degrees;

*State Universities

ABSTRACT

This document indicates graduate degree opportunities available through the New England Regional Student Program at the six state universities in New England, the Lowell Technological Institute and Southeastern Massachusetts University. Opportunities open to Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont residents are indicated. Master's degree curricula listings and certificates of advanced graduate study listings for graduate degree opportunities at state colleges are included. (MJM)

"... The purposes of the New England Higher Education Compact shall be to provide greater educational opportunities and services through the establishment and maintenance of a co-ordinated educational program for the persons residing in the several states of New England parties to this compact, ..."

The New England Higher Education Compact

New England Regional Student Program

Graduate Level

NEW ENGLAND REGIONAL STUDENT PROGRAM

Expanded study opportunities are made available each year to New England's college and graduate students through the New England Regional Student Program administered by the New England Board of Higher Education, the executive agency of the New England Higher Education Compact. This is a multifaceted Program, consisting of the following categories:

- 1. the undergraduate level program at publicly-supported, degree-granting two-year institutions,
- 2. the undergraduate level program at state colleges,
- the undergraduate level program at state universities, the Lowell Technological Institute, and Southeastern Massachusetts University,
- 4. the graduate level program at state colleges.
- the graduate level program at state universities, the Lowell Technological Institute, and Southeastern Massachusetts University,
- the professional level program in medicine at the College of Medicine, University of Vermont,
- the professional level program in dentistry for Maine residents only at the School of Dental Medicine at Tufts University.
- the professional level program in occupational therapy for Massachusetts residents only at Boston and Tufts Universities, and
- the professional level program in physical therapy for Massachusetts residents only at Boston and Northeastern Universities.

The information in this brochure relates only to the fourth and fifth of these categories. Persons desiring the details of the other categories of the Program should inquire at the New England Board of Higher Education.

This total Program, while not affording direct scholarships, does result in major savings to both the participating student and the New England state governments. Students qualifying for study under the Program are charged only the equivalent of the in-state tuition fees. These are arrangements agreed to by the trustees of each of the participating institutions. GRADUATE DEGREE OPPORTUNITIES AT NEW ENGLAND STATE UNIVERSITIES, LOWELL TECHNOLOGICAL INSTITUTE AND SOUTHEASTERN MASSACHUSETTS UNIVERSITY

WHAT IT IS

An opportunity for qualified legal residents of New England to be enrolled, at the discretion of the participating institutions, in graduate degree programs of study which are unique or distinctive at a particular institution, or in which a specialization area within a broad subject marks a study program as one in those categories. Students admitted under these criteria will be charged only the usual resident (in-state) tuition charge.

WHO IS ELIGIBLE

Any qualified legal resident of any of the New England states.

HOW TO APPLY

A resident of any New England state wishing to apply for study under this Program at one of the six state universities, the Lowell Technological Institute or Southeastern Massachusetts University must first obtain certification from the Dean of the Graduate School of his home state university to the effect that the program of study desired is not available at the home state university. Applicants must, therefore, examine course offerings carefully. In cases where an apparently similar program of study is available at both institutions involved, this certification will normally take the form of endorsement of a statement from the chairman of the relevant department of study.

For necessary forms and detailed information, inquiries should be directed to the Dean of the *Graduate School* at the participating institutions.

Applicants must clearly indicate, both in their initial inquiries and on their application forms, that they are seeking admission under the terms of the New England Regional Student Program. Those seeking admission to a general subject area, e.g. History, must specify precisely the area of specialization they wish to follow.

GRADUATE DEGREE OPPORTUNITIES AT NEW ENGLAND STATE COLLEGES

WHAT IT IS

An opportunity to earn a Master's degree or a Certificate of Advanced Graduate Study in certain curricula not offered at a New England resident's own state colleges or public four-year colleges. Each of the participating institutions offers, for regional enrollment under this Program, a wide variety of study program majors, and concentrations or specialization areas which are distinctive at each school.

Residents of the New England states, who live outside of the state in which the institution they wish to attend is located will, if admitted for enrollment in any one of these regional curricula, be charged only the regular resident tuition or instructional charge of the institution in which they enroll.

New England residents applying for enrollment under this Program at these institutions will be accorded priority consideration in admission, i.e., first priority will be given to residents of the state in which the institution is located; second priority will be given to the residents of other New England states.

WHO IS ELIGIBLE

Any bona fide resident of the New England states to which the listed courses are offered is eligible to apply for enrollment at the specified institutions offering curricula to the residents of his state. Academic eligibility will be determined by each institution.

HOW TO APPLY

For application forms, catalogs, and other institutional information, students should apply to the Director of Admissions at the institution concerned.

Students and others wishing more details about this Program can contact their high school or college counselors, the admissions officers or graduate schools at the participating institutions, or the Board at its office at 40 Grove Street, Wellesley, Massachusetts 02181.

The New England Board of Higher Education 40 Grove Street, Well⊕sley, Mass. 02181 Tel. 617-235-8071

new england regional student program

Expanded study opportunities are made available each year to New England's college and graduated students through the New England Regional Student Program administered by the New England Board of Higher Education, the executive agency of the New England Higher Education Compact. This is a multifaceted Program, consisting of the following categories:

- the undergraduate level program at publicly-supported, degree-granting, two-year institutions,
- 2. the undergraduate level program at state colleges,
- the undergraduate level program at state universities, the Lowell Technological Institute and Southeastern Massachusetts University.
- 4. the graduate level program at state colleges,
- the graduate level program at state universities, the Lowell Technological Institute and Southeastern Massachusetts University,
- the professional level program in medicine at the College of Medicine, University of Vermont,
- the professional level program in dentistry for Maine residents only at the School of Dental Medicine at Tufts University,
- 8. the professional level program in occupational therapy for Massachusetts residents only at Boston and Tufts Universities, and
- g. the professional level program in physical therapy for Massachusetts residents only at Boston and Northeastern Universities.

The information on the following pages relates only to the fourth and fifth of these categories. Persons desiring the details of the other categories of the Program should inquire at the New England Board of Higher Education.

This total Program, while not affording direct scholarships, does result in major savings to both the participating student and the New England state governments. Students qualifying for study under the Program are charged only the equivalent of the in-state tuition fees. At the state college level, students applying for study under this Program receive admissions preference among out-of-state applicants. These are arrangements agreed to by each of the participating institutions.

The Program, now entering its sixteenth year of operation, is one of the many activities sponsored by the New England Board of Higher Education in its efforts to expand opportunities for higher education for New England residents and to utilize more efficiently the higher education resources of the region. The Program has demonstrably reduced costly duplication of study programs in public institutions, while affording thousands of students major savings and expanded opportunities for study. It stands as a fine example of the educational benefits achievable through interstate and interinstitutional cooperation.

NEW ENGLAND REGIONAL STUDENT PROGRAM GRADUATE DEGREE OPPORTUNITIES AT STATE UNIVERSITIES, LOWELL TECHNOLOGICAL INSTITUTE AND SOUTHEASTERN MASSACHUSETTS UNIVERSITY FOR LEGAL RESIDENTS OF NEW ENGLAND, 1974-75

WHAT IT IS

An opportunity for qualified legal residents of New England to be enrolled, at the discretion of the participating institutions, in graduate degree programs of study which are unique or distinctive at a particular institution, or in which a specialization area within a broad subject marks a study program as one in those categories. Students admitted under these criteria will be charged only the usual resident (in-state) tuition charge.

WHO IS ELIGIBLE

Any qualified legal resident of any of the New England states.

HOW TO APPLY

A resident of any New England state wishing to apply for study under this Program at one of the six state universities, the Lowell Technological Institute or Southeastern Massachusetts University must first obtain certification from the Dean of the Graduate School of his home state university to the effect that the program of study desired is not available at the homestate university. Applicants must, therefore, examine course offerings carefully. In cases where an apparently similar program of study is available at both institutions involved, this certification will normally take the form of endorsement of a statement from the chairman of the relevant department of study.

For necessary forms and detailed information, inquiries should be directed to the dean of the graduate school at the following institutions:

Leon J. Richelle*
Associate Dean of the
Graduate School
University of Connecticut
Storrs. Connecticut 06268
203/486-3434

Franklin P. Eggert†
Dean of the Graduate School
University of Maine at Orono
Orono. Maine 04473
207/581-7961

Edward L. Alexander Dean of the Graduate School Lowell Technological Institute Lowell, Massachusetts 01854 617/454-7811 x206

Richard M. Fontera
Dean of the Faculty
Southeastern Massachusetts
University
N. Dartmouth, Massachusetts 02747
617/997-9321

M.H. Appley Dean of the Graduate School University of Massachusetts Amherst, Massachusetts 01002 413/545-6666

William H. Drew Associate Dean of the Graduate School University of New Hampshire Durham, New Hampshire 03824 603/862-2201

Aloys Michel Dean of the Graduate School University of Rhode Island Kingston. Rhode Island 02881 401/792-2263

William H. MacMillan Dean of the Graduate School Waterman Building University of Vermont Burlington, Vermont 05401 802/656-3160

Applicants must clearly indicate, both in their initial inquiries and on their application forms, that they are seeking admission under the terms of the New England Regional Student Program. Those seeking admission to a general subject area, e.g., History, must specify precisely the area of specialization they wish to follow.

*Inquiries regarding the MSW, JD and MBA should be directed to the following addresses:

Morton Coleman, Dean School of Social Work The University of Connecticut Greater Hartford Campus West Hartford, Connecticut 06117 203/523-4841 x251 Francis Cady, Acting Dean School of Law The University of Connecticut Greater Hartford Campus West Hartford, Connecticut 06117 203/523-4841 x341

Robert O. Harvey, Dean School of Business Administration Box U-41-B The University of Connecticut Storrs, Connecticut 06268 203/486-2317

† Inquiries regarding the JD should be directed to the following address:

NEW ENGLAND REGIONAL STUDENT PROGRAM GRADUATE DEGREE OPPORTUNITIES FOR NEW ENGLAND RESIDENTS AT STATE COLLEGES, 1974 - 75

WHAT IT IS

An opportunity to earn a Master's degree or a Certificate of Advanced Graduate Study in certain curricula not offered at a New England resident's own state. The state colleges or public four-year colleges of each of the institutions listed in the following pages offer, for regional enrollment under this Program, a wide variety of study program majors and concentrations or specialization areas which are distinctive at each school.

Residents of the New England states, as indicated in the course listing information below, who live outside of the state in which the institution they wish to attend is located, will, if admitted for enrollment in any one of these regional curricula, be charged only the regular resident tuition or instructional charge of the institution in which they enroll.

New England residents applying for enrollment under this Program at these institutions will be accorded priority consideration in admission. First priority will be given to residents of the state in which the institution is located; second priority will be given to the residents of other New England states.

WHO IS ELIGIBLE

Any bona fide resident of the New England states to whom the listed courses are offered is eligible to apply for enrollment at the specified institutions offering curricula to the residents of his state. Academic eligibility will be determined by each institution.

HOW TO APPLY

Students wishing to apply for enrollment under this part of the New England Regional Student Program should note that curricula available in the State of Maine are listed elsewhere in this catalog under the heading, "Graduate Degree Opportunities at State Universities, the Lowell Technological Institute and Southeastern Massachusetts University." The former state colleges in that state are now constituent parts of the University of Maine.

For application forms, catalogs and other institutional information, students should apply to the Director of Admissions at the institution concerned. (See listing of participating institutions on the following page.)

INDEX MASTER'S DEGREE PROGRAMS

Accounting (M.S.)		5. 8,	19.	33
Aerospace Engineering		B. 19	, 26,	33
Agricultural and Food Economics		5	, 8,	26
Agricultural Engineering	!	5, 19	. 26.	33
American Civilization				42
Anatomy		5, 8,	16,	26
Animal Science				. 8
Anthropology	8	, 19,	26,	33
Art				42
Art (M.F.A., M.A.T.)	8	3, 19	, 26,	33
Art History	. 5, 8	3, 19	, 26,	33
Astronomy	. 5, 8	3, 19	, 26,	33
Behavioral Sciences				42
Biobehavioral Science		B, 16	, 26,	33
Biological Engineering		. 8,	16,	26
Biological Sciences	<i>.</i> .			. 8
Biology				42
Biology (M.S.T.)				. 8
Biomedical Engineering			. 5	, 8
Biophysics			. 8,	19
Biostatistics	5	5, 8,	16,	26
Business Education				42
Chemical Engineering				33
Chemistry				
Chemistry—Polymer Science Option	8	3, 19,	26,	33
Classics (M.A T.)		. 8,	19,	26
Clothing, Textiles and Interior Design		. 8	, 19,	33
Community Development (M.C.D., M.S.)		5,	, 19,	26
Community Planning (M.C.P.)	5, 8	, 16,	19,	33
Comparative Literature				
Computer Engineering		8	, 19.	33
Computer Science				
Counselor Education—Guidance Counseling				
Creative Arts				
Dairy Technology				
Dramatic Arts (M.F.A.)				
Early Childhood Education				
Earth Sciences				
Economics			33,	43
Educational Administration				
Educational Administration—Elementary School				
Educational Administration—Secondary School				44
Educational Administration — Occupational Education				11
